

Lenovo Invites Legal Maelstrom With Superfish Adware, Law360 ft. Mark Mao

Mark Mao, partner in KD's San Francisco office and vice-chair of the Technology Practices Group, has been quoted in a Law360 article published on February 25, 2015. In the article, titled "Lenovo Invites Legal Maelstrom With Superfish Adware," Mark discusses the class actions Lenovo is facing over it's harmful Superfish adware.

"I'm not sure the consumer right of action would survive, to be honest," said Hsiao "Mark" Mao, a partner with Kaufman Dolowich & Voluck LLP. "They would have to prove damages ... there's a big debate right now in consumer actions as to what exactly damages are."
