

Managing the Risk of Cyber Security in NYS Public School Districts Webinar Presented by Marc Voses

Program: 12:00 pm - 1:00 pm

Marc Voses, KD Partner and Co-Chair of KD's Data Privacy Liability & Technology Services Practice Group located in our New York City office, will be presenting a webinar on managing the risk of cyber security in NYS Public School Districts.

Overview:

Cyber breaches are now daily headlines. School districts' exposures come from many different aspects of school operations. In this webinar Marc will discuss:

- Misconceptions about cyber liability
- Current legislative mandates and compliance issues in the event of a breach
- Steps to take in an incident response

Case studies will be presented, as well as risk management tips for transferring vendor risk. There will be an in-depth presentation of the insurance coverages applicable to cyber security and what the potential liabilities to a district might be in the absence of purchasing Cyber liability insurance.

Registration is free for members, \$50 for non-members.
